### School Description

Our goal for each student attending Ella Elementary School is to ensure their access to an enriching educational environment that is highly structured and academically rigorous. All of our teachers and administrators attend intensive meetings and trainings throughout the year at which student data and proven effective teaching methodologies are studied and implemented to provide the best educational experience for all students.

Student achievement is celebrated annually at a CSSP Assembly. Students are presented an award for each content area that they scored proficient or advanced. We are excited each year to see the number of students who increase their achievement at Ella Elementary School.

### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

English Learners	39.8
Students with Disabilities	10.6
Foster Youth	1.7

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

\* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

K-8 “State-adopted” instructional materials are those instructional resources which the SBE has formally “adopted” for use in the classroom. This action is required by the California State Constitution, Article 9 Section 7.5. The SBE considers K-8 instructional materials for adoption following a thorough review process outlined in both law (EC 60200) and regulations (CCR, Title 5 sections 9510-9525). There are no state adoptions for grades nine through twelve. LEA governing boards have the authority and responsibility under EC Section 60400 to adopt instructional materials for use in their high schools for grades nine through twelve.

For more information on the California Department of Education Instructional Materials Adoptions, visit: <http://www.cde.ca.gov/ci/cr/cf/imagen.asp>.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The Building and Grounds Department has repaired many of the smaller items identified through the facilities inspection. Work orders have been created to address the remaining identified items.

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: October 2018		
System Inspected	Repair Status	Repair Needed and Action Taken or Planned
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	Good	
<b>Interior:</b> Interior Surfaces	Poor	Torn carpet. Water damage to sink countertop. Ceiling tiles are loose, missing and have water stains. Water damage to cabinets and on wall behind toilets. Holes in ceiling tiles and floor at seam. Rubber trim is lifting (taped) at carpet/linoleum seam. Rusted stall dividers.
<b>Cleanliness:</b> Overall Cleanliness, Pest/ Vermin Infestation	Good	
<b>Electrical:</b> Electrical	Poor	Surge protector and extension cord are daisy chained. Light panels and multiple light bulbs are out. Light fixtures make loud squelching noise. Loose light diffusers. Cords are creating trip hazards. Broken electrical cover.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2018-19)

Parents are encouraged to take an active roll in their child's education by becoming involved in the classroom, serving on PTO, or by helping students with homework. Parent meetings and ELAC are held in the morning at the cafeteria on the first Monday of each month. We also have Site Council Meetings on the last Monday of the month after school, all are welcome to attend. The principal shares tips and techniques with parents on understanding the California State Standards and assisting in their child's growth.

Parent involvement coordinator: Maria Cabrera (530) 741-6124 extension 4461. Room P101

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

Each school site has adopted a Comprehensive Safe School Plan to ensure our school environment is conducive to academic achievement. It is a working document reviewed on a regular basis and has been developed through our School Safety Planning Committee (SSC). This Planning committee is composed of school staff, district staff, community members, and local law enforcement. We work closely with other school administrators to ensure that all school safety plans are consistent throughout the district. Improvements and revisions are made at our monthly safety meetings with local law enforcement.

Signs are visibly posted throughout the school requiring all non-school employees to register at the office. All staff members are trained to stop and question any person who is not wearing an identifying badge issued from the office. The Site Council formally adopts the Safe School Plan, and it is board approved before March 1 every year. The plan includes the following major elements: safe school goals, school crime assessment, safe school strategies and programs, child abuse reporting procedures, disaster response procedures, suspension and expulsion policy, teacher safety, sexual harassment policy, district tobacco policy - safe school drug and tobacco education, dress code, safety standards for arrival and departure, and school discipline.

The safety of our students is our top priority. Each month, our students and staff participate in safety drills designed to address potential emergencies at our school including fire evacuation, earthquake drop and cover, and lock downs in the event of an on-campus intruder. Catapult EMS is a communication system used during emergencies to inform staff, the District Safety Team, and law enforcement of a school incident or crisis. The system uses real-time student accounting, staff location check-ins, threat report management, and messaging through text messages and emails.

**Professional Development provided for Teachers**

The Marysville Joint Unified School District Board of Trustees believes that, in order to maximize student learning and achievement in all subgroups, certificated staff members must be continuously engaged in learning and improving their skills through deep professional learning and collaboration. The district offers a program of ongoing professional development which includes opportunities for teachers to enhance their instructional and classroom management skills and become informed about changes in teaching strategies and subject matter. Along with ongoing grade level articulation through Professional Learning Communities and trainings scheduled during and after school, teachers annually participate in 7 days of professional development on non-instructional days.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

### **Types of Services Funded**

The Local Control Funding Formula (LCFF) creates funding targets based on student characteristics and provides flexibility for districts to fund strategies at the local level to improve student outcomes. Our Local Control Accountability Plan outlines LCFF expenditures based on the following three goals: 1) Provide learning opportunities that result in increased academic achievement and ensure quality classroom instruction for all students, including support systems which meet the needs of the targeted population, 2) Enhance the current learning environment to ensure that our schools provide a physically and emotionally safe environment that is culturally responsive to all student, 3) Increase parent, family, and community involvement in the education of all students.

Base grant funding provides direct instruction and support to students and funds teachers, site administration, district office personnel, maintenance, transportation, special education, and all operating expenses. Each site receives a discretionary allocation for site operations. Sites are not responsible for utilities or facility operations. Sites also receive support services such as counseling, health, psychological, and routine maintenance. School sites receive additional monies for supplemental academic interventions directed to targeted students who are not performing at grade level.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
